**Certificate of Compliance with HACCP regulations**

**To our valued customers:**

**This is to certify that all our imported seafood products are processed by establishments which have implemented a HACCP programs and sanitation procedures as outlined in FDA's procedures for safe and sanitary processing and importing of fish and fishery products as outlined in Title 21 part D of the code of federal regulations.**

**As an importer, we have outlined procedures to continuously update our files and ensure that our foreign suppliers comply with HACCP regulations and practice “Good Manufacturing Practices” and “Standard Sanitary Operations”.**

**In order to insure, that we comply with these rules in an *affirmative* way, we maintain on file a copy, in English, of the foreign processor’s HACCP Plan, and a written guarantee from the foreign processor that the imported fish or fishery product is processed in accordance with the requirements of the part.**

**Please further note that we are registered with the U.S.A. FDA under Title III of the Bio-terrorism and Response Act of 2002.**

Sincerely Yours,

**Mike Shooshani, President  
Channel Seafoods International**

**DHHS/FDA Food Facility Registration Number: 12853849232**
