Certificate of Compliance with HACCP regulations

To our valued customers:

This is to certify that all our imported seafood products are processed by establishments which have implemented a HACCP programs and sanitation procedures as outlined in FDA's procedures for safe and sanitary processing and importing of fish and fishery products as outlined in Title 21 part D of the code of federal regulations.

As an importer, we have outlined procedures to continuously update our files and ensure that our foreign suppliers comply with HACCP regulations and practice "Good Manufacturing Practices" and "Standard Sanitary Operations".

In order to insure, that we comply with these rules in an *affirmative* way, we maintain a Vendor Verification Program and copies, in English, of the foreign processor's HACCP Plan, and a written guarantee from the foreign processor that the imported fish or fishery product is processed in accordance with the requirements of the part.

Please further note that we are registered with the U.S.A. FDA under Title III of the Bioterrorism and Response Act of 2002.

Sincerely Yours,
